Changing spaces in Newport

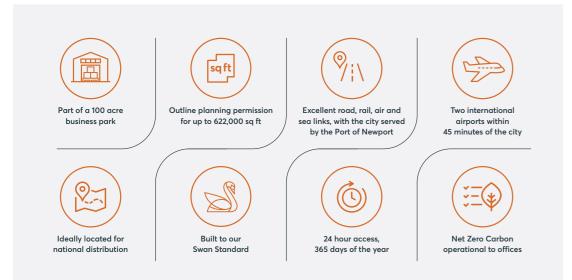

St. Modwen Park Newport provides flexible opportunities to the occupier market within the industrial and logistics sectors.

St. Modwen Park Newport is a key strategic site, where 213,000 sq ft of industrial and logistics warehouses are already complete (as of Q4 2022). This 100 acre business park is strategically located at the gateway to South Wales, around 18 miles from Cardiff and 25 miles from Bristol. Junction 23a of the M4 motorway is within 4 miles via the A4810/Queen's Way.

Units 8-10 are to be delivered in Q3 2023. Amazon was the first unit on the estate. Mitel and Genpower were built in 2021. To the rear of the site is CAF Rail UK's purpose built train assembly facility. Phase 3 of the project, comprising of units 4-7, completed at the end of 2022.

The remainder of the site has outline planning consent for further development, available on a build to suit basis. These opportunities provide up to circa 622,000 sq ft in a single unit, or via a combination of smaller unit sizings to suit individual occupier needs.

Why choose Newport?

Why choose Newport?

Newport is a major commercial location at the gateway to South Wales, benefitting from a strong local labour force and excellent transport links.

t hub

Excellent road, rail, air and sea links with the city served by the Port of Newport

The Swan standard

St. Modwen Parks embody our core purpose – to change places and create better futures.

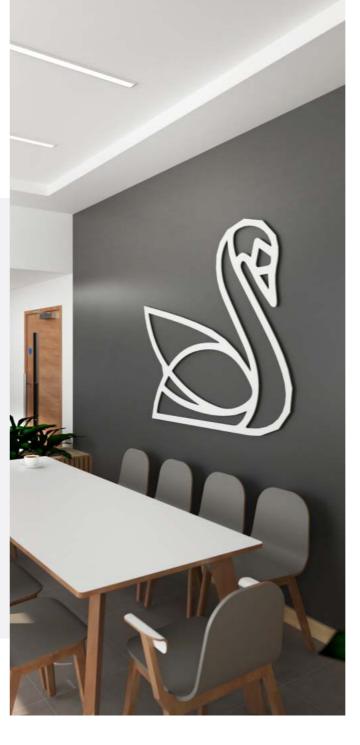

The Swan Standard delivers improved quality, sustainable and consistent developments across the St. Modwen Logistics portfolio that impact positively on both the environment and local communities.

Through thoughtful and considered design, we have crafted a philosophy that we believe will have positive and tangible benefits for our customers.

High quality office and warehouse specification, designed with the customer in mind, focusing on health and wellbeing, sustainability and net carbon reduction.

- 75% enhancement on building regulations for air leakage
- 30% better than current requirements for embedded carbon
- Delivered by industry leading supply chain
- Sustainable environments
 addressing wellbeing
- Designed for flexibility and low operational cost
- Quality materials throughout
- Operational life cycle recycling
- Flexible office space for future fitout
- Low energy use
- Net carbon zero embedded

Our Building Code

Our Park Code

Our sustainability

_

commitment.

All new strategic land projects will achieve **Net Biodiversity Gain of no less than 10%**

New buildings over 100k will be fitted with PV panelling to ensure the building achieves an **EPC A+ rating and an operationally Net Zero Carbon office**

We aim to **divert 95% of** all construction waste away from land fill

All new buildings will be served via 'Green Tarif' energy

All buildings will be designed and built in line with our **2022 Building Code**

C

2021

All St. Modwen Parks will be designed to reflect **the very best aspects of the Park Code**

All new buildings will be fitted with **SMART** Automated Energy Readers

All new buildings will have **EV charging stations** serving 20% of all car parking spaces

Our average Considerate Constructors Scheme (CCS) score will be 40/50

Sustainability is a key focus for us and our desire to meet carbon neutrality targets is one of the many elements captured in the Swan Standard. It also assists our customers in driving forward their own sustainability agendas, which are more ambitious now than ever before.

The Swan Standard provides a consistent approach to the development of land, construction of warehouse units and the ongoing management of our logistics and industrial parks.

All parks will be fully compliant with the Swan Standard by 2023, which in turn will help deliver on 10% biodiversity net gains on new developments and become net zero carbon by 2025.

A great space

for people

Designed with our customers in mind, our primary goal is to create places where business can thrive, people want to work and that benefit the wider community.

The Swan Standard goes beyond just warehousing. Our parks will offer enhancements across transport, security, environment and wellbeing to help create truly better futures.

+ + + + + + + + + ++ + + + + + + + + ++ + + + + + + + + +

There will be easy pedestrian and cycle access to the local amenities within the adjacent Glan Llyn residential development.

02

WELLBEING

Amenity and recreational spaces are provided on the site to aid wellbeing of people using St. Modwen Park Newport.

BIODIVERSITY & LANDSCAPING 03

Structured landscaping and surface drainage reens provide a haven for wildlife. Opportunities to access green space and trails will be provided by the adjacent residential development

GREEN TRAVEL PLAN 04

Pedestrian routes run through the development and will extend into the adjacent residential development, which local buses serve from Newport City Centre.

We aim to provide a safe and secure environment for all our Park users with parking cameras and controls on the site assisting with this.

Our responsible

business ambitions

Helping customers achieve their strategic objectives is at the heart of our business and we understand how vital environmental, social and corporate responsibility is to our customers.

In practice, through our Swan Standard, this means we're committed to meeting or exceeding our own responsible business ambitions and aligning sustainability goals to one core purpose of changing places and creating better futures.

At St. Modwen Park Newport we have turned part of the former steelworks into a high-quality location for businesses to thrive and have enhanced the natural environment in the process.

THE SWAN STANDARD IS A CRUCIAL COMPONENT IN HELPING US TO ACHIEVE OUR RESPONSIBLE BUSINESS AMBITIONS:

We are focused on six core areas where we can make a sustained difference to society and the environment.

About St. Modwen Logistics

St. Modwen Logistics designs, develops and manages high-quality urban and big-box warehouse space

Concentrated around major transportation networks, key logistics corridors and conurbations our parks serve the needs of customers to expand their businesses, employ local people and support economic growth. Our customers include global logistics and e-commerce organisations as well as significant national and regional enterprises of all sizes.

St. Modwen is committed to ESG, our Responsible Business approach includes a set of ambitious goals where we can make a sustained difference to society, our stakeholders and the environment. Our Parks showcase the St. Modwen Swan Standard – a set of industry-leading sustainable development guidelines with a focus on responsible building practices, meeting our customers operational needs and the wellbeing of their employees.

Our team of dedicated experts ensure planning is approved to bring forward sites for both speculative and build-tosuit development; deliver quality buildings through diligent project delivery teams; and ensure customer needs are met by welcoming them and responding to their needs throughout the duration of occupancy at St. Modwen Parks.

Our Values

We unlock potential

We have a rich heritage of improving communities through regeneration, so we see the potential in every opportunity. We overcome challenges, learn and evolve to create something better.

We build quality outcomes

We always strive to deliver quality outcomes for which we will be accountable and of which we can be proud today and for the future.

We do the right thing

We always act with integrity, honesty and respect and put safety first (before anything else).

8

We're joined up

We collaborate, share expertise and work with people, ideas and opportunities to create better outcomes for the long term. We aspire to create a strong team culture.

We do what we say

We have a vision for the future, make lasting commitments and deliver on our promises.
