“

We know that people and the planet are important to you - they're important to us too.

That's why all our new buildings are built to our Swan Standard and have sustainable features as standard, which will help you reduce operational costs whilst realising your ESG ambitions.

The sustainable nature of our buildings also means they are warm, bright spaces in which to work – which is good news for your employees and the environment.

At St. Modwen Logistics our aim is simple: to provide our customers with the high-performing space they need to succeed

**Sarwjit Sambhi,**  
Chief Executive Officer

“With our Chippenham site, we knew it was going to be our biggest warehouse to date, so the need to appeal to local talent was more pertinent than ever.

We were impressed by the range of wellbeing facilities on offer in the warehouse space, which we saw would make it easier to recruit the best people. We have amazingly rich local amenities – from the park and fitness trail to outdoor seating areas where people can eat lunch together. We have been able to create hundreds of jobs since opening last year in a space where everyone genuinely enjoys coming to work”.
